"America's Insurance Policy"

U.S. Army North

- ❑ **Strengthen** - Our theater security cooperation program is designed to assist the armies of Mexico and Canada in the fight against common threats that affect all of North America. We also work closely with: Customs and Border Protection; U.S. Coast Guard; Drug Enforcement Administration; Bureau of Alcohol, Tobacco, Firearms and Explosives; and the Federal Bureau of Investigation to enhance their capabilities.
- ❑ **Prepare** - The heart of Army North's mission is to prepare a broad array of specialized reaction forces capable of responding to any homeland contingency mission. Our Civil Support Training Activity works to create an holistic training approach to prepare and evaluate units responsible for responding to WMD attacks or high-end industrial accidents.
- ❑ **Respond** - Army North will rapidly respond to any contingency in the homeland. Our Defense Coordinating Officers and Elements are permanently embedded with the staffs of FEMA's 10 regional headquarters.
